Examiner: E. JOHNSON

Filed: August 28, 2003

Docket No.: 116946

For: CARBON NANOTUBE DISPERSION LIQUID AND METHOD FOR PRODUCING  
THE SAME AND POLYMER COMPOSITE AND METHOD FOR PRODUCING THE  
SAME

**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

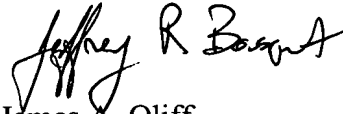

Sir:

In reply to the June 27, 2006 Restriction Requirement, Applicants provisionally elect  
Group II, claims 5-9, with traverse.

It is also respectfully submitted that the subject matter of all claims 1-9 is sufficiently  
related that a thorough search for the subject matter of any one Group of claims would  
encompass a search for the subject matter of the remaining claims. Thus, it is respectfully  
submitted that the search and examination of the entire application could be made without  
serious burden. See MPEP §803 in which it is stated that "if the search and examination of an  
entire application can be made without serious burden, the examiner must examine it on the  
merits, even though it includes claims to independent or distinct inventions" (emphasis  
added). It is respectfully submitted that this policy should apply in the present application in  
order to avoid unnecessary delay and expense to Applicants and duplicative examination by  
the Patent Office.

Thus, withdrawal of the Restriction Requirement is respectfully requested.

Respectfully submitted,

James A. Oliff
